More.

Curative power is contained in Hood's Sarsaparilla than in any other similar preparation. It costs the proprietor and manufacturer more. It is the jobber more and it is worth more to the consumer. More skill is required in its preparation and it combines more remedial qualities than any other medicine. Consequently it has a record of more cures and its sales are more than those of any other preparation. Hood's Sarsaparilla is the best medicine to buy because it is an honest medicine and thousands of testimonials prove that it does actually and permanently cure diseases.

TOBACCO NEWS.

HOPKINSVILLE MARKET.

(Reported by J. H. Eggertson, of Alfred Lewis & Co., Leaf Dealers.)
Hopkinsville, Ky., June 18.

The offerings this week were 1201 hogsheads, which is the largest offerings in the history of this market for any one week. The market opened up on Tuesday very sluggish on common leaf and prices ruled lower on this grade, while other grades are unchanged. However, on Wednesday prices were very much better on all grades and closed steady on Thursday. Bremen and Italian styles were fairly plentiful and in good demand, while the French styles were scarce. There were a few Austrian hogsheads this week which sold for fancy prices. Highest price \$13.75. The weather has been favorable for the past eight days and farmers are about done cutting wheat, but the tobacco and corn is needing their attention, as the long continued wet spell caused them to get very much behind with their work.

Hence the weeds and grass are damaging these two crops very badly, and it is to be hoped that the weather will continue favorable until they can clean them out. Receipts were light this week.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

It is in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
